DETAILED ACTION

Drawings

I. Figure 3 should be designated by a legend such as --Prior Art-- because only that which is old (EXPLAINED IN THE BACKGROUND SECTION OF SPECIFICATION FILED ON 07/21/2000) is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Disposition of the claims

II. The current office-action is in response to the Amendment filed on 02/07/2008.

Accordingly, Claims 4, 6 are cancelled and Claims 1-3, 5, 7-11 are pending for further examination as follows:

Claim Rejections - 35 USC § 102

III. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3, 5, 7-11 are rejected under 35 U.S.C. 102 (b) as being anticipated by **Bartling; James E. et al.** [US 5182810 A].

Regarding claim 1, **Bartling** disclosed a mobile telephone set (Abstract) comprising:
Display (LCD; Fig.1) means for displaying information including telephone numbers or characters (Col.3; 42-55) comprising;

A first data bus connected to a controller and a memory; (Col.8; 48-64) and

A second bus connected to said controller and said display, (Col.8; 48-64)

Wherein said second bus is provided and providing independently of said first bus, (e.g. buses are independently connected; Col.8; 48-64)

wherein the first bus is not connected to said display means, and said second bus is not connected to said storage means; (Col.8; 48-64) and

wherein said controller controls said first data bus and said second data bus independently. (e.g. buses are independently carrying information; Col.8; 48-64)

Regarding Claim 2, Bartling disclosed a mobile telephone as claimed in claim 1, further comprising communication means for transmitting signals via a radio line wherein said control means is controlled to prohibit access to said second address data bus while said communication means is receiving signals. (e.g. buses are independently carrying information; Col.8; 48-64).

Regarding Claim 3, Bartling disclosed A mobile telephone as claimed in claim 1, wherein said second address data bus is driven by lower voltage than said first address data bus. (e.g. Col.8; 5-21).

Regarding Claim 5, Bartling disclosed a mobile telephone as claimed in claim 1, wherein said display means is arranged near an antenna of the mobile telephone. (e.g. 190; Fig.1, Abstract).

Claims 7, 9-11 is the **apparatus** claims, corresponding to **apparatus** claims 1-3, 5 respectively, and rejected under the same rational set forth in connection with the rejection of claims 1-3, 5 respectively, above.

Response to Amendments & Remarks

IV. Applicant's arguments with respect to claims 1-3, 5, 7-11, have been fully considered but are moot in view of the new ground(s) of rejection.

Conclusion

V. Applicant's amendment (For illustration; since newly amended claims modified the above-disclosed rejection) necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
